Speed Queen.

The Proven Performer in Laundry

A Great Clean, the First Time and Decades Beyond

No matter if you choose a front load or top load washer, your goal is the same – clothes should emerge clean, stain-free and smelling fresh. Speed Queen is dedicated to meeting this need, and we have been for more than 110 years.

No more frustration on laundry day. Speed Queens are engineered to perform. Best of all, every model is tested to 10,400 cycles, or 25 years of life in the average home.

A Quality Investment

You don't *buy* a Speed Queen, you *invest* in a Speed Queen. We know you want the peace of mind that comes with making the right investment – we deliver it through the industry's-best warranties.

Washability... 25 years of worry-free performance... and the industry's-best warranties – Speed Queen simplifies laundry, because laundry is all we do.

A True System

To get the best laundry results, you need a team approach. That's why we flipped the script on dryers, adding features like dedicated pet cycles for hair removal, as well as steam and sanitize options to make them powerful complements to our versatile washer models.

TR & DR

TOP LOAD WASHERS AND MATCHING DRYERS

Wash System: Perfect Wash - Robust, Quiet & Gentle

Capacity: Queen Size Comforter

Longevity: 25 Years (tested to 10,400 cycles)

Wash Type:

Cascading Spin with Patented Baffles

Capacity:

King Size Comforter

Longevity:

25 Years
(tested to 10,400 cycles)

Warranty:

5 Years

“I was very leery about front load washers as I have heard the horror stories from people that have other brands. This machine is completely different!!! No mold and mildew. Wash times are fast, and the clothes come out clean. The Stainless exterior is beautiful. These machines are beautifully built to last and the quality is evident.”

— Wytheville, VA
